Balbo's Air Stamp

— FOR —

The Greatest Achievement of The Century

24 Hydroplanes, 130 men going across the ocean

For letters to America

ROME-CHICAGO, JUNE, 1933

For letters to Europe

20 Hydroplanes out of the big Mass Squadron led by General Balbo have been selected to carry private mail.

General Balbo himself has invented the stamp in triptic form of entirely new type. As each plane can only carry a limited amount of mail letters will be equally distributed among the machines and each stamp will bear across the tricolored flag the name of the pilot who has to take the letter. All the 20 names of the 20 pilots will therefore appear on each whole sheet of 20 triptic stamps and letters will have to follow the fate of each particular plane.

On this same occasion there will also be a special air connection with Tripoli, Bengasi and Rodi. Small quantities of mail will be brought to Rome to meet Gen. Balbo's Squadron. Therefore 3 other pairs will be issued of entirely different design though of the same type, one pair for each of the above places.

The values and tariffs and our prices will be the same as for the Italian set. Orders for such letters to be executed subject to arriving in time.

General Balbo's Flight From Rome to Chicago

DETAILS are at hand concerning the stamps announced in our World in Review Column of April 15th, the occasion of the Squadron Flight from Rome to Chicago, for the Century of Progress Exposition. General Balbo, the leader of the flight, is also the designer of this entirely new thought in stamp designing. The stamp is in reality, THREE stamps in ONE and will be considerable longer in width than it is in height. The first part, or the portion to the left, shows an Italian flag flying and will give the details of the flight; the second portion, or middle, (about $\frac{1}{2}$ the size of the first in width and comprising about $\frac{1}{5}$ the stamp area), has a magnificent full-face portrait of King Victor Emanuel. This part will also

bear the value covering the ordinary postage and registration fee. The third and last portion, or the remaining two-fifths of the stamp, will be the air stamp proper and will carry a different design on each of the two values of the set, as well as remaining value of the stamp. On one the value is 19 lire 75 cent; and on the other 44 lire 75 cent, thus making the face value of each stamp 25L. and 50L. respectively. The former is for mail to be carried to Iceland, which will be the first stage of the flight and the latter, for mail to the United States.

In connection with this flight, there will also be special connections from Tripoli, Bengasi and Rodi, to bring mail to Rome to meet Gen. Balbo's planes and therefore THREE other

sets will be issued of entirely different design, though of the same type, one set for each place. The values will be the same as on the Italian set.

Another novel feature to be offered in connection with this flight, is that in so much as 20 planes will carry the mail, the particular plane which carries the letter, will be indicated on the face of the Italian flag, on the first portion of the stamp. Thus the receiver of the letter will know by which plane it was carried.

Advance illustrations indicate that this set will out-class anything thus far attempted in the issuance of a special set of stamps.

(Unione Filatelica Nazionale, S. A.)

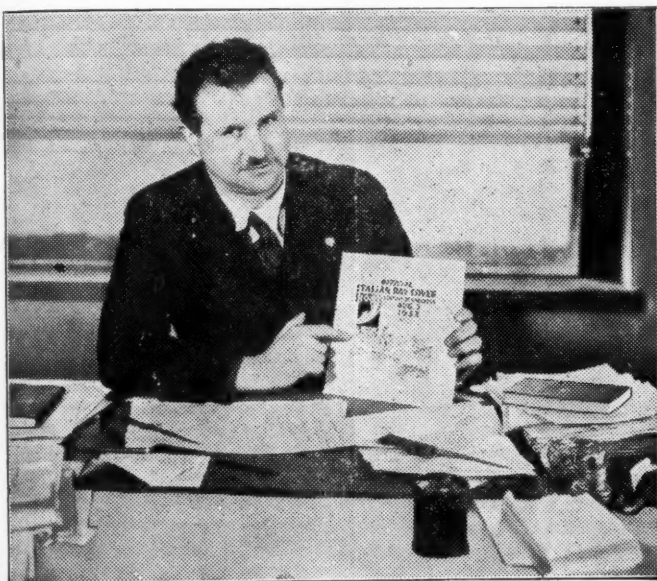

and they certainly look handsome with the stamps on them.

Our old friend H. S. Williams of Elgin sends a beautiful block of four of the 3c value on one of our special envelopes. A card with a 1c value from A. F. Blocki of Chicago, pictures a birdseye view of the Exposition on the back while P. W. Weiner sends a post card with a picture of the Golden Pavilion of Jehol.

Several other first day covers are at hand and without names or cards so that it is not possible to thank the senders through these columns but our appreciation is none the less.

Doubtless first day of issue covers of these new stamps will be found from many cities scattered all over the country, leastwise from many places which had air service to Chicago as well as from many outlying towns.

Italian Consul Approves Cachet

Giuseppe Castruccio, Italian Consul General in Chicago, gives his approval of the official Italian Day cover cachet for A Century of Progress. Italian Day will be observed on August 3. The cover was designed by Lou Kreicker.

ARGENTINE REPUBLIC—From our good friend H. G. Spanton, some weeks ago, we received word of the issuance of certain values of Scott's A104, for use in rolls for vending machines. However, as the difference was slight and Scott's had not seen fit to give them catalog rank, we with held noting them. Recently we received a letter from Mr. R. SENSATION MIXTURE

We were recently the lucky purchasers of all the odd boxes of stamps, stock books, approval books, sets, odd packets, old back mixtures, etc., from London's oldest established stamp shop.

The proprietor having recently retired, much of it has lain untouched for years.

We came across a big parcel of good clean and rare stamps that had probably been put aside for eventual sorting and cataloguing thousands of good quality items that price 15c, 30c, 60c, and even \$5 and \$10 each.

We are not sorting or classifying at all. You may get 6 or 7 \$5 stamps in a \$3 lot. Apart from the rare stamps this mixture is remarkable for its unusual variety, and will give many hours of probable pleasure to any dealer or collector to sort.

The whole lot has been mixed together and is guaranteed unpicker.

Weighed out into lots of about 6,000 stamps including early U. S. \$3 per lot.

5 lots for \$12.

You will definitely become a permanent customer after buying a "SENSATION" lot. Sent post free with return securely packed. Cash returned in full without question a quibble if you are not delighted.

Precancels

Information regarding new issues and notes of interest on all Precancels, other than Bureau Privates, should be sent direct to the Editor of this column.

K. M. GIERHART, BALTIMORE, OHIO

I was agreeably surprised the other day when a newly arrived lot of precancels turned up a 17c Indianapolis, Ind. reading up in type U-3. Long ago I had give up hope of ever obtaining this item as I surmised that only one printing of the 17c value had been made and all those reading down. I know this stamp was missing in quite a few collections and I wonder how many have been able to lasso this one so far. I had left a space for this in my collection and had been chided several times for so doing, but I am a trusting soul and just left the space as is, and low and behold along came the little black soldier to fill in the gap. That, my friends, is one of the thrills of collecting precancels.

Mr. I. Levine of Brooklyn offers some suggestions on the point system of exchange for Bi-Centennial precancels as first prescribed by Mr. Gaston of Morgantown. He suggests that the top point be 3 instead of 4, placing the 4c along with the 7c and 9c. Also puts the 5c and 10c in the one point class along with the 1/2c, 1c etc. Reasoning as he does that the 4c is just as scarce as the 7c or 9c and that these are hardly worth four times the common values, also that the 5c and 10c are just as common as the real low values. I believe that Mr. Levine's formula hits the mark a little more closely than that of Mr. Gaston but then it was Mr. Gaston who gave us the idea. Here is the table of exchange plan as presented by Mr. Levine.

1/2c, 1c, 2c, 5c, 10c 1 Point
3c, 6c, 8c 2 Points
4c, 7c, 10c 3 Points

Use either plan that suits your fancy or concoct one of your own. We hope an early release of a catalog will relieve the necessity of such make shift arrangements for trading.

I have a new Ohio town to report. Lyons, Ohio, came in on the 15c ordinary. It's a product of a rubber handstamp and might be listed as U-86 type. No. 3 Stuarts from

Boundbrook, N. J. regular H. S. type and Lansing, Mich., Inverted U-1. While on the subject of 3c Stuarts I noticed several dealers are squeezing these in with their Bi-Centennial offerings and at prices in the proportion. These are not as scarce as Bi-Centennial 3c or most of the other denominations. They are still being issued and will be indefinitely and there is no reason to believe that this will be a scarce stamp in general. So don't pay fancy prices for them and live to regret it.

LINPRINT 2 FOR 1 SUMMER

Opportunity is Knocking. Would you give 50 cents for a dollar bill? Do you want to see your money inflated until it will buy twice as much as you could have bought with it last week. Opportunity is here for those who are wise enough to take advantage of the offer that is made here on this page. Never again will you see this same material priced so low as it can be bought today. Linprint needs ready cash for Expansion and Improvement. Our Government is talking of loaning Millions to the Banks, the Railroads and other big interests but the little fellow can not even borrow a few thousands for growth and development.

What we have today we made by our own efforts. Mr. Morgan never gave us a nickle and he did not let us in on the ground floor on any of his preferred stocks. Likewise he is no friend of yours and if you want something for nothing you will find it offered by your friends such as Linn's Weekly. We have built our publication and our business on friendship and we stand by our friends.

We want your help now and we are going to share with you. Most of the items offered herewith are our own products. We are willing to work hard through the summer to produce the goods and give you a sacrifice price on material that you have been wanting and have been buying at our standard prices. We want to raise several thousand dollars for the further development of our plant. We know of no way to do this other than to solicit it from the readers of our paper. We fully believe that there are at least

1000 READERS WHO WILL SPEND FIVE DOLLARS

with us at once. You will never again get so much for your Five Dollars. Even if money were inflated it would not buy so much as we offer you now. Our plan is extremely simple. You can buy anything offered on these pages at the prices quoted. We will be glad to fill your orders, but if you will send us \$5.00 or more, you can select any items offered and we will

GIVE YOU GOODS TO DOUBLE AMOUNT OF YOUR REMITTANCE

Every item is priced at our regular retail price. Send us any amount of \$5.00 or more, select any items you want from the items on these two pages to a total priced value of double the amount of your remittance. If you send us \$5.00 you can select goods to the amount of \$10.00. If you send us \$10.00 you can select goods to the total of \$20.00.

Orders for less than a total of \$5.00 cash will not be accepted except at full retail prices.

This then is OPPORTUNITY—Inflation, expansion, call it what you will but get your order in now and be satisfied with the bargain that is being offered you for such offers can not be made except in situations such as the present. We need cash for expansion and development and we believe that such an offer as we are making here will produce that cash.

If you do not have \$5.00, borrow it, buy now and get your bargain.

AIR MAIL ENVELOPES

LINN'S WEEKLY EXPANSION PROGRAM For some time past we have been laying plans for the enlargement and expansion of this publication. As is well known to many of our readers, Linn's Weekly was started from scratch, has been built up in less than five years time to a point where it has enjoyed the largest circulation of any stamp publication in America if not in the world. All this has been done and has been possible due to the liberality of our methods. We have tried to give collectors as a whole what we believed the great majority of the stamp collectors wanted. We have disregarded the old idea that a lot of highly technical and scientific discourses on stamp collecting as a science was the proper thing to print. We have believed what we have seen and what anyone can see at the average stamp club meeting is a bunch of good fellows who collect stamps for the pleasure of the game, for the pleasant contacts and friendships that they make and because they like to collect

stamps. It is true that most of them in some manner or other have some pet lines that they follow but the number that goes into the game armed with all the paraphernalia of the confirmed stamp bug is so small that we have always advocated a separate publication for the sole edification of that class of collector.

The average collector likes to know about his stamps, he likes to know about varieties but he prefers the varieties that he can see and understand. More and more, the stamp collector of today is becoming of the class that likes to know something about the pictures on his stamps. Stamps of today have so much of interest on their face that one can get a heap of satisfaction without attempting to take the stamp apart and see what it is made of. It is to this vast army of stamp collectors that we have tried to cater and we believe that we have been justified in this plan.

Our ambition is to enlarge this publication to a 24 or 32 page weekly and with a much larger amount of interesting matter along lines similar to what we have printed in the past four years. We have the means to do this, lacking only capital with which to develop more quickly. We are building a publication along with a publishing and printing business which is devoted almost wholly to the stamp trade at the present time. We hope within another year to be 100 per cent a stamp and philatelic publishing house.

We want to add more help, an assistant who can give his entire time to the preparation of copy for publication. This will permit your Editor to prepare the many interesting articles and printed pieces devoted to United States Stamps, that he has had in mind for some time past. There is a demand for more and better information in compact form for the average collector. We are able to supply this in a form that will be both interesting and understandable to the amateur collector.

We want to add much in the way of pictures and illustrations that will make all of our articles and booklets more attractive and interesting.

As we have stated in the past, the sole need is capital for development, new and larger machinery, new presses and other equipment. We have made progress and have added some two thousand dollars worth of new equipment in the past three years. We must add several thousand dollars more within a short time in order to be able to reach the goal that we have planned for.

We had hoped that our Five Year Club Offer of a Five Year Subscription to Linn's Weekly Stamp News for a single dollar would have brought several thousand subscriptions within a short time but without question, the lack of money on the part of so many people has kept this plan from developing so many new subscriptions as we had hoped for. However, inside of six months time we have re-

ceived a total of over 3500 subscriptions under this plan.

The idea was that we would accept up to not exceeding 10,000 subscriptions on the five year plan. Thus there remains but 6500 more chances for you to subscribe for five years for one dollar and you must remember that when the paper is enlarged that the subscription rate will be advanced to 50 cents per year.

Would it not be desirable for you to renew your subscription now, send one dollar for five years and be sure that you will get in this Club? Should we be able to reach our goal for expansion by other methods, the Club plan will be immediately discontinued and you will lose your opportunity to subscribe at this low rate.

OUR NEW THREE MONTH PROGRAM

In order to quickly reach our goal we are proposing a new three month program and as usual we are offering our readers a bargain for their money. If we sold you bonds or stock we would merely be borrowing your money. Whether you ever got anything for your money would depend on our future success. Rather than borrow money which we would feel obligated to pay back in some manner we prefer to offer you something for your money right now. We prefer to accept your money without any strings tied to it. We want to offer you something that will satisfy you for what you give us and we believe that you will find that the Expansion Program Offer that we are making in this weekly issue of the paper will be something that will appeal to you. For three months, all during June, July and August, we are going to ask for cash. To get cash we are going to offer you more for your money than was ever offered you before. If you send us money you will get double value for it, you will be well satisfied and we will have fulfilled our obligation. We will then proceed to get our house in order that we may enlarge and expand this publication that we may continue to give you the biggest amount of real stamp news, information and entertainment that you ever got for the small price of our annual subscription.

Look up the offer in this issue. If you can not contribute now do so next week. The offer is one that will interest every stamp collector and we hope to make other such similar offers through the next three months.

Along with Hoover Bros. 75th auction sale catalog came No. 1 and No. 2 of their PreCancel Herald. Full of interesting notes on both Buros and General precancels. While on the subject of Hoover Bros. we again remind those who have sent in recently for the Hoover Bros. Buro Booklet, that as soon as the new supply is received, we will mail them to you.

July 27, 28, 29 and 30th will be big days at Cedar Point when the stamp exposition sponsored by The Sandusky Stamp Club gets under way. A hearty invitation to all is extended by O. R. Michels of the exposition committee. A prospectus and all other information may be had from Mr. Michels whose address is No. 617 Columbus Ave., Sandusky, Ohio.

The latest PreCancel Bee shows Stephen Rich was in earnest when he promised precancel collectors a real journal. All phases of precancel collecting are nicely handled. Bicents., double liners, Foreign, general, and buros by such names as Williams, Motz, Vestal, Gamber, Van Voorhis, Frantz, Vernon, Mitchell, Rich, Hohenstein, and Thresher. Four pages of precancel types (illustrated) are included in an excellent issue.

Los Angeles no periods on the B11 types carry on right into the high values as we turn up a 15 center without the dot.

In the No. 11 buro catalog we find a list of buros long ordered but up to date of catalog issue had not been seen, by Dr. Mitchell, the editor. We shall give this list in part and if you can show any to the catalog editor you will be doing your bit in keeping the buro print check right up to date.

Mt. Everest Flight

When the English flyers flew over the highest mountain in the world on April 8th, Stephen H. Smith, Secretary of the Indian Air Mail Society at Calcutta, induced Air Commodore P. F. M. Fellowes, D.S.O., leader of the expedition to carry a packet of letters for collectors scattered over the world. These covers bear a label depicting the Union Jack in the center of which is an airplane on the map of India, and which is tied to the cover by a circular purple cachet with the words "Mount Everest Expedn., 1933" above a group of mountains, and were postmarked at Purnea, Bihar, India, on April 8, 1933. We have not learned the exact number carried but it was undoubtedly a small quantity.

New Stamps by Air

The P. O. Department states that the Century of Progress Stamps were shipped by airplane to Chicago on May 18th.

Chicago Air Races

Lou W. Kreicher, cachet director, advises that the Chicago Air Race Corporation has provided a cachet for the Air Races, July 1-4th, and collectors desiring same should write him at Hotel Sherman, Chicago, Ill.

Australia-England

The Federal Government of Australia has decided to establish a weekly air mail service between Australia and England. The proposed route is Darwin to Singapore and connect with the Imperial Airways service to India and England. The Australian Internal services will be from Darwin by way of Western Queensland and New South Wales to Cootamundra, with branches from Concurry to Normanston and Charleville to Brisbane. It may be nearly a year before the route can be placed in operation.

Coming Events

The Universal Ship Cancellation Society will sponsor a cachet on Flag Day, June 14, 1933. Covers to our old friend, York Briddell, Box 73,

Albany, Georgia.

July 13th will be Carranza Day in New Jersey, when the Legion and other officials pay tribute to Emilio Carranza, the Mexican pilot, who met death at Sandy Ridge on his return flight to his home city, five years ago, on that date. A memorial shaft has been erected, and a cachet in two colors will be printed on all air mail covers, sent to Morris C. Rothblum, 503 Spruce St., Beverly, New Jersey.

The Brooklyn Cover Exchange of Chester, Pa., are sponsoring cachet commemorating Gen. Oglethorpe, on June 15th.

Woodring Field, Enid, Okla., was dedicated on May 30th, notice too late to be of use to readers. Same also applies to Crocker Highlands Stamp Club of Oakland, Cal., who had a mighty fine cachet for the event.

July 3rd the Scranton Republican will sponsor a good cachet for the anniversary of the Wyoming Massacre, in 1778. Send regular size covers to Stamp Editor, Scranton Republican, Scranton, Pa., and pay your postage.

July 27th the American Airways is providing a special cachet for the Fifth Anniversary of air mail service on Route No. 27. Send air mail covers only to Martin Crowl, 204 Ottawa St., Bay City, Mich.

J. K. Matsuo, Nippon Sta., Seattle, Wash., sends very interesting data regarding opening of Post Offices after the highest mountains in Japan this summer, and cover information, but it is too late for collectors now to get covers to him, but if interested better write him at once.

Buffalo, N. Y., Chamber of Commerce, will apply a special official cachet to all covers on hand in Commemoration of the landing and visit of Gen. Italo Balbo and his fleet of planes sometime in June, when they land at the Buffalo Marine Airport on their way to the Century of Progress. This will be wanted by all collectors, so send your air mail covers at once to the Chamber or to Richard A. Hardie, 13 Roseville St., Buffalo, N. Y.

Another Father Cox Cachet

Linn's Weekly Stamp News has repeatedly refused to print announcements of cachets where a charge is made for same. The reasons for this rule have been explained on several occasions. We have set aside this rule in certain instances where the cause for which the cachet is issued is such that we believe the cause a worthy one and such was the case when we printed information about the Holy Year Cachet offered by Father Cox. Due to this kindness on our part, the helping of a very deserving cause we have been called all kinds of names, been accused of being Catholic, and have been bawled out in other manners. When as a matter of fact we were raised a Presbyterian but hardly know what the inside of a church looks like. Now Father Cox is attempting to raise more money to feed the hungry and the money received from the Holy Year cachet provided sufficient funds to feed the bread line of 3000 people for near 3 weeks.

We want all collectors of cachets and historical covers who have not yet subscribed to our service to take advantage of this opportunity to see just what the WESTMINSTER STAMP CLUB is doing in this field. If you will send your name and a three cent stamp, we will mail you our next cacheted cover free of charge. Do not send your own cover, as this cachet will be PRINTED, in two colors on a high-grade bond envelope, and addressed directly to you from the correct postoffice. Just send the three-cent stamp to cover the postage, and we will do the rest. All of the Westminster Stamp Club covers commemorate important historical events in a striking and artistic way. We are placing cover collecting on a new plane of legitimacy and value. If you are beginning to believe that cacheted covers are worthless and uninteresting, send along that 3c stamp and prepare to be agreeably surprised.

WESTMINSTER STAMP CLUB
8679 TWELFTH STREET, DETROIT, MICH.

Please Note: Because of the expense connected with this offer, we are rigidly restricting it only to those who have not yet seen any of the WESTMINSTER covers, new series, and only one will be sent to any one person.

EVERYTHING FOR THE STAMP COLLECTOR!

Our 200-page Annual Catalog, invaluable "Stamp Finder", and illustrated 24-page booklet of "Stories from Postage Stamps" — all sent for 10c to cover mailing expenses.

H. E. HARRIS & CO. Dept. L, 108 Massachusetts Avenue BOSTON, MASSACHUSETTS

The hundreds who received the Holy Year cachet sponsored by the Rev. Fr. James R. Cox of Old St. Patrick's Church, Pittsburgh, Pennsylvania, will be interested in the announcements that he is now sponsoring a cachet for the Diamond Jubilee of the Grotto of Our Lady of Lourdes, the famous shrine at Lourdes, France. Father Cox is leading a pilgrimage to Rome and Lourdes July 16th on which date one of the most rare events in the history of the church will take place — a pontifical mass at 6 o'clock in the evening by special permission of Pope Pius, XI. This will take place in the Grotto Basilica. These cachets are available to stamp collectors and all others who send a donation of 25 cents to Father Cox for his daily breadline of 3,000 unemployed men and boys. Postage and printing will cost about 10 cents for each cachet—the remainder goes to this charity. Father Cox suggests that requests be mailed at once as hundreds were disappointed in not getting the Holy Year cachet on account of late applications.

Stamp News From Everywhere

A reader in Philadelphia writes to the Editor and requests that we print a list of Portuguese, Dutch, Spanish, French and Italian Colonies which issue postage stamps.

Since the Standard Postage Stamp Catalogue prints such a list, we see no reason why a list should be asked for by any collector. Far too many questions that are asked by collectors can be answered by reference to the catalogue and sometimes we feel that there are stamp collectors who are too languid to take the trouble to dig out the material themselves but like it served up to them without any effort on their part.

It is part of your hobby to dig up information for yourself when it is

available for all to gather. It is such work that helps make Philately the interesting hobby that it is.

Mr. Wm. Orshefsky of Bayonne, N. J., submits a cover with a 3c Newburgh stamp cancelled on April 18, the day before the date of first day issue at Newburgh. Mr. Orshefsky states that he has covers used from several towns. It is said that a complete sheet of stamps was obtained on the day before first day of issue and covers mailed from several different towns. The sheet was said to have been obtained from an official in the Postoffice Department.

Mr. Adrian Thompson of Tusculum, Alabama, asks that we publish a statement that due to a recent accident, he will be unable to attend to any stamp business for several weeks.

The Chautauqua Coin Stamp and Curio Club of Jamestown, N. Y., announces its annual summer meeting at Jamestown, on June 16 and 17. As last year, the plans call for a joint meeting and display of COINS, Curios and stamps. The committee as usual contains a large list of names of collectors and every effort is being made to get the crowds there.

Further information can be had by addressing T. James Clarke, General Chairman, Jamestown, N. Y.

The Oshkosh Philatelic Society will hold its second annual picnic at the American Legion Yacht Club, Oshkosh, Wisconsin, on Sunday, June 11th. All stamp collectors are invited. In addition to the stamp festivities of the day there is much there in the way of entertainment and outdoor pleasures for everyone. Address Charles J. Pierce, 144 Frederick Ave., Oshkosh.

The New Jersey Philatelic Federation has accepted the invitation of the Ridgefield Park Stamp Club to attend their annual outing, which will be held July 16, 1933 at Hein's Haven, Pine Bush, New York.

The Committee in charge of this event has prepared an elaborate program for the day. There will be swimming, boating and games of all kinds, with Stamp Prizes for the winners. The official picture for publicity will be taken and motion pictures will record all events taken place. Collectors in the vicinity are invited.

Perhaps you would like to own that beautifully tinted set of 1928 which portrays His Holiness Pope Pius and the former crowned head of Spain. It is known as the Spanish Catacombs issue. There are thirty two stamps in the set, No. 1072-87; 1088-1103; and they catalog \$10.56. This masterpiece of the engraver's art and the printer's color blending is certainly not a profit maker for us when we offer it at \$5.50.

What collector doesn't admire the striking Belgian Congo issues of 1923 to 1927? Look up No. 88-114. \$2 buys the mint sets; \$1.50 the cancelled.

Oddity collectors will be interested in the "hated" surcharges of Jugo-Slavia. These surcharges were placed over the portrait of Franz Joseph on Bosnia stamps. We offer seventeen varieties, No. 25-32; 34-42, in mint condition for \$1.

But fifteen stamps were issued by Karelia during its short life as a nation. You may have all of them, in mint condition for \$2.20. They catalog \$5.33.

May we call your especial attention to our offer in Nova Scotia stamps. We can supply mint copies of Nos. 8, 8a, 9, 11, 11a, 12 and 13 at only \$6.50, a price that is \$1.50 to \$2 under the New York market. These stamps are around seventy years old and getting better as an investment every year. They are unused. The seven stamps catalog \$20.00.

We invite correspondence. We welcome the opportunity to price other sets for you if it is possible for us to obtain them. Please make remittances by money order.

The first two stamps of Latvia were printed on the reverse of German field maps. We can obtain these stamps in complete sheets of 228 stamps each. No. 1 is priced at \$3. No. 2 is \$3.50. Please include 15 cents extra for packing if either of these sheets is to be mailed flat.

How about the Greek revolution issue of 1923? Our sets include forty varieties in mint condition. The stamps catalog \$8.10. Our price is \$2.25. These are mighty interesting provisionals.

If you do not have the kingdom issues of Samoa you cannot afford to miss this opportunity to get them at a bargain price. The numbers are No. 9-15; 16; 20; 21-22; 23; 24; 28-29; 30-37. Twenty-five stamps, mint, catalog \$5.70. Special price \$1.85.

If you purchased the complete Goya commemorative issue you should have the complete Goya airport issue of 1930. No other issue of postage stamps rivals this one in eerie design. It is a fitting companion for the nudes. The complete set of fourteen stamps catalogs \$6.42—our price, \$3.25.

The Buffalo Meeting

Word from Walter Poppenger, the Akron Stampman and Donald Grieve, stamp columnist on a Cleveland paper, tells of the meeting at Buffalo on May 20 and 21. A goodly number were present from surrounding cities and from Toronto. The meeting was at the Hotel Statler where an exhibition and bourse was held in the Chinese Room and the Banquet in the Georgian Room. Stamp collectors are of course at home in such rooms as these. Don Grieve states that after a good meal and no speeches that the festivities adjourned to room 1558 where the Visiting Firemen initiated several candidates from Cleveland and Toronto, Fire Chief McIntyre and Hose Tender Poppenger giving the ritual.

Dues were collected from the Canadian Members and we understand that the treasurers in attendance freely criticised the enormous amount of paper in the inflated Canadian dollars. Over here our dollar has shrunk in size considerably and that is probably one reason why so many people have trouble in finding any of them.

A New Re-Issue

The question in the Broadway Chatter Column of a couple weeks ago has brought numerous letters to our office, some quite amusing and others with serious attempts to answer the question propounded by Bi Stander.

The query was, "Can a male stamp collector marry his widow's sister, who is also a collector?"

George R. M. Ewing of New York answers in this manner—"If he did he'd have to be a new re-issue and by that time she would be a Classic, and you can't tie them up that way without gumming up the collection."

The answer to the query is that a male stamp collector could not marry his widow's sister for if his wife were a widow he would be a dead one and dead men are not in the habit of marrying anyone.

BROADWAY CHATTER

By BI STANDER

One of the finest ways we know of to spread Philately is the requirement of the Boy Scouts that examinations must be taken to obtain a certain promotion in the Boy Scouts. This above all makes the candidate study his stamps and by the hard work entailed often makes a stamp collector of him for the rest of his life.

We attended the New York Stamp Exhibit at Gimbels which lasted from May 13th to 20th inclusive, several times. Immense crowds were there and we feel that this exhibit, in a smaller degree of course, was a replica of the International Exhibition here some years ago. Why cannot we have these Exhibitions more often in New York? They attract crowds, and we know of many regular Philatelists who have been started by these stamp exhibitions. The cases were tastefully arranged. The Grand Trophy won by R. A. Barry, writer of stamp news for the New York Herald Tribune was well earned for his exhibit on stamps and covers of the U. S. from 1847 to 1887. Other winners were Miss Marion Terry for U. S. Commemoratives complete. Walter Guthrie for exhibit of Colombian Republic. Albert Diener for Red Cross stamps and Switzerland Charities. T. P. Hyatt for items related to the postal service. Felix R. Huppe postage stamp currency of the Civil War and various covers. British Colonies, Daniel M. Friedman. Louis Marmorino, Jr., autographed airmail covers.

What we believe is the end of the matter took place in the courtroom of Judge Cornelius F. Collins when he sentenced Charles J. Caulkins, 26 years old, to serve from forty years to life and also sentenced Nicolas Matosin, alias Nick Madison, 25 years old from thirty years to life. Judge Collins characterized Culkin as a "monster, a fiend and a menace to society" and recommended that Culkin be kept behind the bars for the remainder of his life. The two men, both of whom had long police records entered the stamp shop of John R. Miller, 70 years old, of 38 East 23rd street, on Oct. 20th last and Culkin hit Miller over the head with a revolver. The stamp dealer later died of his injuries in the hospital. \$5000 worth of stamps were stolen. Matosin was captured after leaving here, in another town.

We dropped in on a new stamp concern namely the Lenott Stamp Company, in room 78, situated at 65 Nassau Street. This company has fixed

up an office in first class shape and they seem to know their business.

A certain matter which concerns the stamp trade should break shortly and we will have interesting news concerning this, we feel, as soon as possible and we shall give our readers the "low down" at the earliest possible moment.

Percy C. Davenport, formerly with the Metropolitan Stamp Co. of New York before that company dissolved, has moved from his stamp shop and does all his business from Bloomfield, New Jersey. Mr. Davenport is very well informed in things stampic, and knows his "onions" particularly on South American stamps.
